I have a total of 4.5 years of experience in software development. During my career, I have worked with various technologies and frameworks. I started with 1.5 years of experience in core PHP, where I gained a solid foundation in web development. I have experience in building web applications, implementing database functionality, and working with server-side scripting.

Afterward, I transitioned to Laravel, a popular PHP framework, and worked with it for 3 years. Laravel allowed me to develop complex web applications efficiently, following modern development practices. I have experience in building RESTful APIs, implementing authentication and authorization mechanisms, and utilizing various Laravel features to deliver high-quality software solutions.

In addition to PHP and Laravel, I have also worked with Flutter for 6 months. Flutter is a cross-platform mobile development framework that enables building native applications for iOS and Android from a single codebase. With Flutter, I gained experience in creating visually appealing and performant mobile applications.

I hold an MSc in Computer Science, which has provided me with a strong theoretical understanding of computer science principles, algorithms, and software engineering practices. My educational background has equipped me with the ability to approach problems analytically, design efficient solutions, and adapt to new technologies quickly.

Overall, with my diverse experience in core PHP, Laravel, and Flutter, along with my academic qualifications, I am well-equipped to tackle software development challenges and deliver robust and innovative solutions.

Education

- Msc Computer Science
  Kerala University -2023

- Bsc Computer Science
  Calicut University -2019

Experience

- Web/App Development
  Freelancer : Feb 2020 - Current

- Senior Laravel Developer
  INDigital Group : Feb 2022 - Current

- Senior Laravel Developer
  Apostrofo Olive Strategic Branding & Marcom
  International Pvt. Ltd : Feb 2021 - Feb 2022

- Junior Web Developer
  Azalea Technologies® : Feb 2019 - Feb 2021

- Fresher-Trainer
  Nyeste Venture Technologies
  Pvt. Ltd : Sep 2018 -Dec 2018

Coding Skills

- **Laravel (PHP)**
- **Flutter**
- **Android(Java)**
- **Firebase**
- **MySql/PLSql**
- **HTML/CSS/Javascript**
- **ASP.NET**
- **Wordpress**
- **React.Js**
- **Vue.js**

Design Skills

- **Mobile App Design**
- **Website Design**

Knowledges

- Codeigniter
- Bootstrap, Jquery
- Adobe Photoshop
- Adobe Illustrator,XD
- Figma
- Google Maps SDK
- REST API
- Payment Integration
